

Vulcano Workshop 2018 - Frontier Objects in Astrophysics and Particle Physics

Monday, May 21, 2018

Gravitational Waves/Multimessenger - Therasia Resort, Conference Room (9:25 AM - 10:40 AM)

-Conveners: Luciano Iess

time	[id] title	presenter
9:25 AM	[47] Introduction to GW and Gravity	Dr PAPA, Maria Alessandra
9:50 AM	[48] The dawn of Gravitational Waves Astromomy	FAFONE, Viviana
10:15 AM	[51] Multimessenger Astrophysics: The new era of GWs	BRANCHESI, Marica

Gravitational Waves/Multimessenger - Therasia Resort, Conference Room (11:00 AM - 1:05 PM)

-Conveners: Maria Alessandra Papa

time	[id] title	presenter
11:00 AM	[50] Formation of stellar BHs and origin of binary systems	Dr CHIEFFI, alessandro
11:25 AM	[52] Neutrinos in the multimessenger era	KOPPER, Claudio
11:50 AM	[54] Origin of heavy elements from GW events	Prof. FRYER, Chris
12:15 PM	[55] Theory of off-axis GRBs and GW events	Dr VAN EERTEN, Hendrik
