

# Ricap18 7th Roma International Conference on Astroparticle Physics

## Wednesday, September 5, 2018

### Multimessenger search for HE CR sources (9:00 AM - 11:10 AM)

-Conveners: Mario De Vincenzi

time	[id] title	presenter
9:00 AM	[225] Greetings from local authorities	
9:10 AM	[204] Neutrino sources in light of recent IceCube results	AHLERS, Markus
9:40 AM	[202] 10 years of Fermi-LAT successes and recent results	CAVAZZUTI, Elisabetta
10:10 AM	[183] AGILE status and results	VERRECCHIA, Francesco
10:40 AM	[180] INTEGRAL highlights and perspectives for GW counterparts search	UBERTINI, Pietro

# Friday, September 7, 2018

## Multimessenger search for HE CR sources (11:20 AM - 1:30 PM)

-Conveners: Maria Isabel Bernardos

time	[id] title	presenter
11:30 AM	[160] The HAWC gamma-ray observatory: results and prospects	Dr SCHOORLEMMER, Harm
12:00 PM	[215] Upgrading Plan Towards Multi-messenger Observation with LHAASO and Construction Status	Prof. CAO, Zhen
12:30 PM	[153] Status of the KM3NeT project	DISTEFANO, Carla
1:00 PM	[210] Status and perspectives of the radio detection of high-energy cosmic rays	HOERANDEL, Joerg
