

Ricap18 7th Roma International Conference on Astroparticle Physics

Wednesday, 5 September 2018

Multimessenger search for HE CR sources (09:00 - 11:10)

-Conveners: Mario De Vincenzi

time	[id] title	presenter
09:00	[225] Greetings from local authorities	
09:10	[204] Neutrino sources in light of recent IceCube results	AHLERS, Markus
09:40	[202] 10 years of Fermi-LAT successes and recent results	CAVAZZUTI, Elisabetta
10:10	[183] AGILE status and results	VERRECCHIA, Francesco
10:40	[180] INTEGRAL highlights and perspectives for GW counterparts search	UBERTINI, Pietro

Friday, 7 September 2018

Multimessenger search for HE CR sources (11:20 - 13:30)

-Conveners: Maria Isabel Bernardos

time	[id] title	presenter
11:30	[160] The HAWC gamma-ray observatory: results and prospects	Dr SCHOORLEMMER, Harm
12:00	[215] Upgrading Plan Towards Multi-messenger Observation with LHAASO and Construction Status	Prof. CAO, Zhen
12:30	[153] Status of the KM3NeT project	DISTEFANO, Carla
13:00	[210] Status and perspectives of the radio detection of high-energy cosmic rays	HOERANDEL, Joerg
