

# LNGS: update of the situation

Stefano Gazzana  
LNGS Technical Coordinator

LNGS, NEWS Meeting, Feb 14, 2018

# Hall B – Status 2018 – 2019

NEWS is part of 10-y Plan for underground Spaces

# Open points

LNGS is in a very crucial "busy" period:

- ✓ a new generation of experiments are starting
- ✓ New internal organization started in December 2017
- ✓ 8- 9 May "Water Crisis" in Teramo Province
- ✓ Permanent Technical Table on the WATER ISSUE with Local Authorities (Regione, Public water companies, Public Health Office)
- ✓ Since September 2017 New Protocol for underground activities using chemicals classified as "dangerous"
- ✓ SEVESO
- ✓ Fire Brigade
- ✓ ....
