

ICFDT5 - 5th International Conference on Frontier in Diagnostic Technologies

Thursday 04 October 2018

Satellite Meeting on Metamaterials - Bruno Touschek Auditorium (09:00-10:25)

-Conveners: Augusto Marcelli

time	[id] title	presenter
09:00	[64] Metamaterials: a new dimension in electromagnetism	Prof. PENDRY, John
09:45	[33] METAMATERIAL DEVICES BASED ON NANO GAP HYBRID LC MICROCAVITIES	Dr CIBELLA, sara
10:05	[39] THz metamaterials meet accelerators	Dr OLLMANN, Zoltan

Satellite Meeting on Metamaterials - Bruno Touschek Auditorium (10:55-11:35)

-Conveners: Augusto Marcelli

time	[id] title	presenter
10:55	[56] Application of Phononic crystals and Acoustic Metamaterials to the detection and imaging of nonlinear defects	Prof. GLIOZZI, Antonio
11:15	[45] Frontier Applications of Metamaterials to Magnetic Confinement Fusion	Prof. VOLPE, Francesco
