

ICFDT5 - 5th International Conference on Frontier in Diagnostic Technologies

Wednesday 03 October 2018

Imaging - Bruno Touschek Auditorium (09:00-10:30)

-Conveners: Pasquale Gaudio

time	[id] title	presenter
09:00	[62] Imaging the invisible parts of the Earth - ESA's Swarm mission probing the core, the magnetosphere, and nearly everything in-between	Dr FLOBERGHAGEN, Rune
09:45	[73] Advance in image analysis for biomedical applications	Dr ARIANNA, Mencattini

Imaging - Bruno Touschek Auditorium (11:00-13:20)

-Conveners: Angelo Antonio Tuccillo

time	[id] title	presenter
11:00	[65] Space for Sustainable Development	Dr MATHIEU, pierre-philippe
11:30	[28] X-ray phase contrast imaging applied to laser driven shocks	Dr ANTONELLI, Luca
12:00	[68] Novel contrasts and technologies in diagnostic neuroimaging	TOSCHI, Nicola
12:30	[31] X-ray K-edge imaging with photon counting detectors and polychromatic sources	DELOGU, Pasquale

Friday 05 October 2018

Imaging - Bruno Touschek Auditorium (16:30-17:00)

-Conveners: Angelo Ferrario

time	[id] title	presenter
16:30	[42] The latest advances in optoacoustic diagnostic imaging of cancer and image-guided interventions	Prof. ORAEVSKY, Alexander
