

# New and Enhanced Photosensor Technologies for Underground/underwater Neutrino Experiments (NEPTUNE)

## Thursday, 19 July 2018

Materials in optical sensors - Auditorium (16:30 - 18:00)

time	[id] title	presenter
16:30	[60] Materials in optical sensors	Dr RUGGERI, Alan Cosimo
17:00	[61] Microscopic characterization of materials and devices for underwater environment at CIRCE.	GIALANELLA, Lucio
17:30	[63] The wavelength-shifting optical module	Dr PEIFFER, Peter
