

# First European Physical Society Conference on Gravitation

## Wednesday, 20 February 2019

### Beyond Einstein's Gravity: Invited Talks - Aula Amaldi (09:00 - 10:45)

time	[id] title	presenter
09:00	[95] String theory	Prof. TAYLOR, Marika
09:35	[96] Echoes of modified gravity	Prof. CARDOSO, Vitor
10:10	[97] Massive Gravity	Prof. DE RHAM, Claudia

### Beyond Einstein's Gravity: Talks - Aula Amaldi (11:15 - 12:40)

time	[id] title	presenter
11:15	[15] Nonlocal quantum field theories	Dr BRISCESE, Fabio
11:32	[7] Ergoregion instability of exotic compact objects	MAGGIO, Elisa
11:49	[8] Black holes in an effective field theory extension of general relativity	KIMURA, Masashi
12:06	[34] Corpuscular gravity: from cosmology to black holes	CASADIO, Roberto
12:23	[4] Dark sector evolution in Horndeski models	Dr PACE, Francesco
