

PART OF FINMASI GROUP

More than 750 PN supplied More than 330k PCBs supplied

19 – 20 September

2018

PCB DIVISION

Leaders for PCB production of prototypes and small-medium size batches for: multi layer, rigid-flex, HDI, mixed materials boards.

41 Mil. Euro

260 persons

Strengths:

- Technological know-how
- Reliable quick turn around service

- Flexibility
- Commitment

Significant activity in many different market sectors: aerospace & defense, automotive, industrial automation, medical devices, railway, space, telecoms, energy management.

Certifications:

EN 9100 IATF16949

ISO 13485

IRIS

NADCAP

ISO 14001 UL94

WHY CHOOSING CISTELAIER

Quick turnaround & serial production volumes

Know-how in complex boards & advanced technical capabilities

Co-Design & design for manufacturing (DFM)

Skilled & reliable human resources

State of the art equipment & machines

Wide product portfolio

Multilayr Rigid & HDI with mixed layup also with RF - Microwave Standard pcb dimension up to 850mm long.

Flex & Rigid-flex also HDI with mixed layup also with RF – Microwave material Standard pcb dimension up to 850mm long

Heat&Power Management, Signal&Power Integrity Management, IMS and LED Standard pcb dimension up to 850mm long
