MANAGEMENT & CONTRACTING

EIE GROUP is an International EPCC Company, specialized in Management & Contracting, Engineering & Design and Production & Services. It operates globally in Big Science areas such as Astronomy, Astrophysics, Aerospace, Large Scientific Technological Facilities and Renewable Energy.

ENGINEERING & DESIGN

EIE GROUP offers complete and integrated engineering turn-key solutions: from the design activities to purchase, from the production, to the mounting and testing activities, to post-sales services. EIE employs state-of-the-art software applications for the 3D modeling design, as well as for the assisted simulations and management of all project documentation.

PRODUCTION & SERVICES

EIE GROUP offers the best range of options in building services from the purchase to the manufacturing, the pre-assembly activities to the packing and transport, the mountings on site to all commissioning and test phases, as well as highly competitive products, coordinating every aspect of engineering skill to deliver quality, long lasting projects at the right market price.

EIE GROUP

Thank you!
