

Is quantum theory exact? The quest for the spin-statistics connection violation and related items

Thursday, 5 July 2018

Chair: Beatrix Hiesmayr - Aula Salvini (10:00 - 13:30)

time	[id] title	presenter
10:00	[74] In-beam hyperfine spectroscopy of (anti)hydrogen	Prof. WIDMANN, Eberhard
10:30	[75] Experimental tests on quantum causality	Dr SCIARRINO, FABIO
11:00	Coffee Break	
11:30	[76] Importance of electron diffusion in bulk-matter tests of the Pauli Exclusion Principle	MILOTTI, Edoardo
12:00	[77] Dynamics of Quantum Correlations in Gaussian Open System	Prof. ISAR, Aurelian
12:30	[78] Revealing Quantum Statistics with a Pair of Distant Atoms	Dr ALBERTI, Andrea
13:00	[79] Closing
