

JISCRISS - Japan and Italian Seminars on Cosmic Rays from the International Space Station

Friday, September 18, 2009 - Saturday, September 19, 2009

Science Museum, Tokyo

Scientific Program

<center>

18 September 2009

9:00 - 10:00 Registration

Astrophysics and Fundamental physics from the ISS

10:00-12:30

Introductory Talks

Shoji Torii (TBC) CALET

Roberto Battiston AMS

Toshi Ebisuzaki JEM-EUSO

Lunch Break

13:30-17:00

Life sciences and human exploration on the ISS

Livio Narici Optical Flash

Fumio Yatagai LOH experiment at JEM-EF

Atsushi Nakagawa(TBD) Protein Crystallization Research Facility in JEM

19 September 2009

13:00-13:10 Akito Arima Opening Remarks

13:10-13:50 Piero Galeotti Galileo at work

13:50-14:30 Yasushi Muraki 100 years of cosmic-ray reserach

14:30-15:10 Makoto Asajima Life Science experiment in

JEM/ISS

15:10-16:40 Science Live show at Synra Dome
