

# High precision X-ray measurements

## Wednesday, 17 October 2018

### Graphite Crystals Spectrometers - Aula Salvini (16:30 - 18:00)

-Conveners: Johann Zmeskal; Sultan Dabagov

time	[id] title	presenter
16:30	[19] Development of a graphite Von Hamos spectrometer for hard - Xray XAS applications	Dr CIBIN, Giannantonio
16:50	[3] High resolution X-ray spectroscopy with HAPG crystals	SCHLESIGER, Christopher
17:10	[1] A compact and calibratable von Hamos X-Ray Spectrometer based on two full-cylinder HAPG mosaic crystals for high-resolution XES	Dr HOLFELDER, Ina
