

COSMOS meeting on Astroparticle and Fundamental Physics with the CMB

Tuesday, 26 June 2018

Parity violation - C412 (14:00 - 16:00)

-Conveners: Paolo Natoli

time	[id] title	presenter
14:00	[12] Parity violation in the Effective Field Theory of Inflation (KN)	CABASS, Giovanni
14:30	[13] Cosmic microwave background constraints on cosmological birefringence	MOLINARI, Diego
14:50	[14] Chern-Simons gravity coupled to a spectator field during inflation	ORLANDO, Giorgio
15:10	[15] Computing V mode power spectra	LEMBO, Margherita
15:30	[21] Constraints on isotropic and anisotropic cosmic birefringence with Polarbear and future experiments	TEPLY, Grant
