

COSMOS meeting on Astroparticle and Fundamental Physics with the CMB

Wednesday, 27 June 2018

Reionization - C412 (14:00 - 15:55)

-Conveners: Gianluca Polenta

time	[id] title	presenter
14:00	[31] Early Galaxies/AGNs and Reionization (KN)	GRAZIAN, Andrea
14:30	[32] The CMB as a probe of reionization (KN)	MIGLIACCIO, Marina
15:00	[33] Early reionization from the accretion of primordial black holes	DAL PRA, Nitya
15:20	[37] CMB constraints on primordial magnetic fields from the post-recombination ionization history	PAOLETTI, Daniela
15:40	[34] Reionization epoch and cosmic dawn with the 21-cm redshifted line (Remote)	BURIGANA, Carlo
