

QWG 2019 - The 13th International Workshop on Heavy Quarkonium

Monday, 13 May 2019

Beyond the Standard Model - Aula Magna (14:00 - 15:40)

-Conveners: Roberto Mussa

| time | [id] title | presenter |
|-------|--|------------------------------|
| 14:00 | [11] Lepton flavor violation in quarkonium decays | PETROV, Alexey |
| 14:20 | [12] BSM searches with Charmonium at BESIII | YOU, Zhengyun |
| 14:40 | [13] Upsilon and J/psi leptonic decays as probes of solutions to the R_D(*) puzzle | ALONI, Daniel |
| 15:00 | [14] Dark sector searches at B-factories | ZANI, Laura |
| 15:20 | [15] Searching for hidden sectors (BSM) using azimuthal correlations in pp collisions at the LHC | SANCHIS LOZANO, Miguel Angel |
