

# QWG 2019 - The 13th International Workshop on Heavy Quarkonium

## venerdì 17 maggio 2019

**Future Opportunities - Aula Magna (14:00 - 16:00)**

**-Coordinatori: Roberto Mussa**

time	[id] title	presenter
14:00	[97] Perspectives for hadron spectroscopy at LHCb	PAPPAGALLO, Marco Ignazio
14:20	[95] Super tau-charm factory at Novosibirsk	EIDELMAN, Simon
14:40	[96] BESIII future plans	GRADL, Wolfgang
15:00	[98] BelleII prospects in quarkonium physics	CHILIKIN, Kirill
15:20	[99] Precision resonance energy scans at PANDA -- Sensitivity study for width & line shape measurements of $X(3872)$	NERLING, Frank
15:40	[102] European Strategy for Particle Physics : news from Granada	PASTRONE, Nadia
