

GWADW2019 - Gravitational-Wave Advanced Detector Workshop - From Advanced Interferometers to Third Generation Observatories

Monday, 20 May 2019

Mo PM 4: Newtonian Noise - Sala Maria Luisa (18:00 - 19:30)

-Conveners: Jenne Driggers

time	[id] title	presenter
18:00	[31] NN cancellation in underground GW detectors	BADARACCO, Francesca
18:20	[32] Infrasound NN cancellation	FIORUCCI, Donatella
18:40	[33] Seismic metamaterials and their applications to reducing Newtonian Noise	Dr KAMAI, Brittany
19:00	[34] ET seismic NN estimation	HARMS, Jan
