

GWADW2019 - Gravitational-Wave Advanced Detector Workshop - From Advanced Interferometers to Third Generation Observatories

Tuesday, 21 May 2019

Tu PM 3: Space technology for the future - Sala Maria Luisa (16:00 - 17:30)

-Conveners: Seiji Kawamura

time	[id] title	presenter
16:00	[22] From LISA Pathfinder to LISA, a gravitational waves space-based observatory	VETRUGNO, Daniele
16:30	[99] LISA technology development in the U.S.	CONKLIN, John
16:50	[21] The Japanese space gravitational wave detector DECIGO/B-DECIGO	MUSHA, Mitsuru
17:15	[3] Passive Charge Management of Floating Test Masses in Inertial Sensors	Dr BUCHMAN, Sasha
