

Nuclear Structure and Dynamics - NSD 2019

Tuesday, 14 May 2019

Session VI (11:10 - 12:40)

-Conveners: Alberto Stefanini

time	[id] title	presenter
11:10	[42] Fusion hindrance in light- and heavy-systems	Prof. MONTAGNOLI, Giovanna
11:40	[58] Fusion in massive stars: Pushing the $^{12}\text{C}+^{12}\text{C}$ cross-section to the limits with the STELLA experiment at IPN Orsay	JENKINS, David Jenkins
12:00	[185] Finite-temperature nuclear response in the relativistic framework	Prof. LITVINOVA, Elena
12:20	[98] Enhanced monopole and dipole transitions in medium-heavy nuclei induced by alpha cluster structures	ITO, Makoto
