

Nuclear Structure and Dynamics - NSD 2019

Friday, 17 May 2019

Session XXIII (09:00 - 10:40)

-Conveners: Claes Fahlander

time	[id] title	presenter
09:00	[170] Revealing microscopic origins of shape coexistence in the Ni isotopic chain	LEONI, Silvia
09:30	[199] Nuclear structure physics with radioactive-ion beams at HIE-ISOLDE	GAFFNEY, L. P.
10:00	[38] First high-precision measurement of the low-lying isovector M1 strength in Li-6 at the photon point	PIETRALLA, Norbert
10:20	[135] Quest of octupole deformation in very light Te isotopes	Dr TESTOV, Dmitry
