

# Interdisciplinary aspects and applications related to the SPES project

## Wednesday, 30 January 2019

### Session 4 - Aula Magna Drigo (14:15 - 15:35)

-Conveners: Fabiana Gramegna

time	[id] title	presenter
14:15	[21] Materials science and nanostructures produced with GeV heavy-ions	Prof. TRAUTMANN, Christina
14:45	[22] Nuclear physics applications with ion beams	GIALANELLA, Lucio
15:15	[23] Sofia cyclotron project	Dr TONEV, Dimitar
