

ELBA 2019 - Lepton Interactions with Nucleons and Nuclei

Monday, 24 June 2019

Hadron Structure and Spectroscopy (09:00 - 12:00)

-Conveners: Ingo Sick

time	[id] title	presenter
09:30	[1] Scattering and resonances in LQCD	BRICENO, Raul
10:10	[2] PDF's from LQCD	MONAHAN, Christopher
10:50	Coffee break	
11:20	[37] Vector and axial form factors of the nucleon from LQCD	GUPTA, Rajan

Hadron Structure and Spectroscopy: continued (16:00 - 19:00)

-Conveners: Werner Boeglin

time	[id] title	presenter
16:00	Coffee break	
16:30	[5] Deeply virtual Compton scattering: current experimental status	DEFURNE, Maxime
17:00	[7] Nucleon structure functions from global fits	SATO, Nobuo
17:30	[49] Hadron propagation and color transparency: an experimental overview	DUTTA, Dipangkar
18:00	[51] Extraction of partonic unpolarized TMDs and Sivers functions	DELCARRO, Filippo
