

4th European Advanced Accelerator Concepts Workshop

Monday, 16 September 2019

WG1-WG5 Joint Session - Advanced Beam Metrology - SML (16:00 - 17:30)

time	[id] title	presenter
16:00	[72] Observation of sub-femtosecond structures in laser wakefield accelerated electron bunches	ZARINI, Omid
16:20	[76] Gamma-ray radiation in beam-plasma interaction as a diagnostics for emittance growth in PWFA and for beam filamentation instabilities	CORDE, Sébastien
16:40	[128] Energy resolved emittance measurements and chromatic emittance growth of laser-wakefield accelerated beams	WINKLER, Paul
17:00	[271] Multi Spectral CTR Imaging and Interferometry of Laser Wakefield Accelerated Electron Bunches	LABERGE, Maxwell
