

# 4th European Advanced Accelerator Concepts Workshop

## Wednesday, 18 September 2019

### WG3 - Dielectric Beam-driven Acceleration Thz acceleration - SB1 (16:00 - 17:30)

time	[id] title	presenter
16:00	[184] Electron Beam Driven Wakefield Generation at the AWA Facility	CONDE, Manoel
16:20	[42] First Dielectric Wakefield Experiments at Daresbury Laboratory	SAVELIEV, Yuri
16:40	[70] Experimental demonstration of a continuously tunable terahertz source based on a dielectric wakefield structure	PACEY, Thomas
17:00	[86] On the Resonant Properties of THz Laminated Accelerating Structures	TSAKANOV, Vasili
