

4th European Advanced Accelerator Concepts Workshop

Thursday, 19 September 2019

WG3 - High Gradient RF Technology - SB2 (18:00 - 19:30)

time	[id] title	presenter
18:00	[45] A possible RF Design on the 35 GHz accelerating structure for the Compact Light XLS project.	SPATARO, Bruno
18:20	[46] Initial Studies on a Compact High-Gradient Ka-Band Accelerating Structure for Medical and Industrial Applications.	FAILLACE, Luigi
18:40	[255] High gradient ultra-high brightness C-band photoinjector	CROIA, Michele
