

8th GOSPEL Workshop. Gas sensors based on semiconducting metal oxides: basic understanding & application fields

Thursday, June 20, 2019 - Friday, June 21, 2019

Ferrara, Italy

Scientific Program

Attendance at the 8th GOSPEL Workshop is expected to be 90 – 110 participants. There will be 8 invited talks (each with 25 min and 5 min discussion), regular oral contributions (each with 15 min and 5 min discussion), and poster presentations. GOSPEL is ready to host an exhibition for companies in sensor application fields.

All oral contributions will be held in the "Aula Magna" of Palazzo Trotti-Mosti (Juridical Science Department), along the historical Avenue Corso Ercole I D'Este 37, Ferrara.

Coffee breaks, lunches and Posters session will be held in "Sala Acquario" of Palazzo Giordani, Avenue Corso Ercole I D'Este 44-46, placed in front of Palazzo Trotti-Mosti.
