

LC09

Wednesday, 23 September 2009

Working group on Higgs physics - Aula A (09:00 - 12:00)

time	[id] title	presenter
09:00	[21] Technicolor @ Collider	SANNINO, Francesco
09:30	[23] Possible Evolution of Vacuum States and Phase Transitions in 2HDM During Cooling of the Universe and Problems for ILC/LHC	GINZBURG, Ilya
10:00	[24] Neutralino Dark Matter in non- \square universal and non- \square minimal SUSY	KING, Stephen F.
10:30	[25] Measurements of Model Parameters in the Littlest Higgs Model with T- \square parity in ILC	ASANO, Masaki
11:00	Coffee Break	
11:15	[26] Update on ILC Accelerator Design and Linear Colliders R&D	GUIDUCCI, Susanna
