

Workshop on Resistive Coatings for Gaseous Detectors

Monday, 13 May 2019

Production of MPGDs with resistive coatings - Aula Multimediale (15:15 - 16:30)

time	[id] title	presenter
15:15	[6] Detector production techniques for DLC coated polyimide foils	Dr DE OLIVEIRA, Rui
15:45	[7] Micro-patterning techniques for DLC layers in MicroMegs and uPic detectors	Prof. OCHI, Atsuhiko
16:00	[8] Discussion: Impact of production & patterning techniques on DLC quality	ALL
