

Dear Colleagues

The submission of abstracts for the Conference "***Probing the Universe with Multi-messenger Astronomy***" is now open. The Conference aims at presenting an overview of the current status and future prospects in our understanding of astrophysical sources and phenomena, from a multi-messenger perspective. It will take place in Sestri Levante, near Genoa, Italy, from **September 28<sup>th</sup> to October 2<sup>nd</sup> 2020**.

The webpage of the Conference, which will be updated regularly, can be found at <https://agenda.infn.it/event/18651/>

To submit abstracts, please use the form at the bottom of the page <https://agenda.infn.it/event/18651/abstracts/#submit-abstract>

specifying whether you are proposing an oral contribution or a poster. Deadline for submission is **June 14<sup>th</sup>**.

Best regards  
The Organizing Committee
