

# Second LHCb Heavy Ion Workshop : Exploring Matter with Precision Charm and Beauty Production Measurements in Heavy Nuclei Collisions

**Friday, 6 September 2019**

**UPC and electroweak physics (10:55 - 13:00)**

**-Conveners: Shanzhen Chen**

| time  | [id] title  | presenter         |
|-------|---|-------------------|
| 10:55 | [28] Theory of ultra-peripheral collisions                    | GONCALVES, Victor |
| 11:25 | [26] Electroweak probes in LHCb - results and prospects       | LI, Hengne        |
| 11:50 | [29] Ultra-peripheral physics in LHCb - results and prospects | BURSCHE, Albert   |
| 12:15 | [35] Discussion with all the speakers                         |                   |
