Subject **access to TPU resources for the SOSC 2019 school**

To tfrc-support@google.com

Bcc Daniele Bonacorsi

Dear TFRC team,

could you please provide me an access to TPU resources on your platformas a part of SOSC 2019 school [1].

The TPU HandsOn session of the school will be carry on byValentin Kuznetsov from Cornell University.

Name: Daniele Bonacorsi
Institute: University of Bologna, INFN Bologna
Research domin: High Energy Physics
Research interests: Applied ML/DL for High Energy Physics (and beyond)

Best regards,
Daniele Bonacorsi

Hi Daniele,

Thanks for your interest in the TFRC program! We'd love to get you up and running with Cloud TPUs.

If you could create a Google Cloud project, enable the Cloud TPU API via http://console.cloud.google.com/apis/library/tpu.googleapis.com, and reply-all here with the following info, we'll grant your project free Cloud TPU quota for 7 days:

- Project number (all digits)
- Project owner email address (might be the email address you are using now, might be a Gmail account)
- Is your API Enabled? (mentioned above)

Keep an eye on the email address that you provide to us - your confirmation email will arrive there.

Thanks again,
-- The TFRC team
