SOSC19: Wrap-up and Opportunities

Davide Salomoni

davide@infn.it

We hope you had an interesting, useful week

- First of all, **MANY THANKS** to local support staff and to the program committee.

- Very important: please fill in the SOSC19 feedback questionnaire as soon as you can – it is available at http://bit.ly/SOSC19_Survey. Any suggestions for improving the school structure or its organization is greatly appreciated.

- We plan to continue with the SOSC school on a yearly basis. So, if you think the school was useful for you, spread the word!

- The SOSC19 participants, as well as the SOSC19 Program Committee, have all been subscribed to the mailing list sosc19@lists.infn.it. This list can be used to, for example, ask questions about topics you would like to explore, resources you would like to utilize, and so on.
  - Naturally, you can opt out from the list if you wish → visit https://lists.infn.it/sympa/info/sosc19

Opportunities *for you* (1)

- If you found some of the School topics interesting and you would like to explore them more in detail, you may contact the School speakers directly or send an email to the Program Committee at sosc19-pc@lists.infn.it.

- If you are interested in research associate ("assegno di ricerca") positions, master or bachelor thesis, or short-term assignments (e.g. "summer students") at INFN (multiple sites throughout Italy) or at other institutions who contributed to this School, send email to sosc19-pc@lists.infn.it and we'll get you in touch with the appropriate people.

Opportunities *for you* (2)

- A list of Valentin's R&D projects is available at https://sites.google.com/view/valentin-kuznetsov/projects. Get in touch with him if you want to know more about them.

- Various opportunities available at INFN CNAF (Bologna) are listed at https://www.cnaf.infn.it/tirocini-tesi-assegni/. Get in touch with Davide or with the people listed in that page if you want to know more about them.

  - Note in particular the following two-year contract positions for "assegni di ricerca" currently open at CNAF:
    - http://www.ac.infn.it/job/dettagli_job.php?id=2578
    - http://www.ac.infn.it/job/dettagli_job.php?id=2591
    - http://www.ac.infn.it/job/dettagli_job.php?id=2592

Kaggle, Exam, Attendance Certificates

- We'll now show the score of the **Kaggle Competition**, awarding the best three students.

- We will then have the **Final Exam**, consisting of 20 multiple-choice questions. Students passing the exam will receive a **SOSC19 Diploma**.

- **SOSC19 Attendance Certificates** will be given to all students.

- Note that the compute and storage resources you have been using throughout the school (thanks to University of Perugia and INFN Perugia) **will be deleted shortly after the School ends**. Copy your work elsewhere *by Monday 23 September 2019*. Contact us at sosc19-pc@lists.infn.it if you have any questions or special requirements.

Thank you!

The SOSC 2019 Program Committee:

- Daniele Bonacorsi, University of Bologna
- Livio Fanò, University of Perugia
- Giulia Grandi, INFN Bologna
- Valentin Kuznetsov, Cornell University
- Mirko Mariotti, University of Perugia
- Davide Salomoni, INFN CNAF
- Luca Scrucca, University of Perugia
- Daniele Spiga, INFN Perugia
