

20th AGATA Week and 4th Position Sensitive Germanium Detectors and Application Workshop

Monday, 16 September 2019

PSeGe Workshop 2: R&D on segmented p-type coaxial detectors (16:30 - 17:40)

| time | [id] title | presenter |
|-------|---|-------------------|
| 16:30 | [5] n-type heavy doping of Ge by Sb deposition and pulsed laser melting (PLM) | CARRARO, C. |
| 17:05 | [6] Preliminary comparison of simulated and measured signals from segmented detectors | BERTOLDO, Stefano |
