

Workshop on electromagnetic dipole moments of unstable particles

giovedì 3 ottobre 2019

Introduction: theory overview - Aula 113 (09:00 - 10:30)

-Coordinatori: **Marcello Giorgi**

| time | [id] title | presenter |
|-------|---|-----------------------------------|
| 09:00 | [7] Welcome | MERONI, Chiara ONIDA, Giovanni |
| 09:10 | [8] Introduction and goals of the workshop | NERI, Nicola |
| 09:30 | [2] Electric dipole moments and bounds on new physics | JUNG, Martin |
| 10:00 | [3] Testing the Standard Model with lepton magnetic moments | PASSERA, Massimo |

Introduction: theory and experimental overview - Aula 113 (11:00 - 13:00)

-Coordinatori: **Marcello Giorgi**

| time | [id] title | presenter |
|-------|--|----------------------------------|
| 11:00 | [6] Magnetic moments of heavy baryons | ROBBE, Patrick ROBBE, Patrick |
| 11:30 | [4] Review on EDM searches | SCHMIDT-WELLENBURG, Philipp |
| 12:00 | [5] Review on g-2 measurements | VENANZONI, Graziano |
| 12:30 | [9] Amplitude analysis for EDM/MDM measurements of heavy baryons | PILLONI, Alessandro |
