Introduction

This document is a template for preparing your manuscript for submission to the GRASS 2019 workshop proceedings using LaTeX. You should not modify the settings in this file. In alternative to the present .tex template, you may prepare your manuscript using Microsoft Word and the corresponding template.

Figure 1: Caption describing your figure. Note that the figure file should be in the same folder as the .tex file. You may change the figure width provided it doesn't exceed the width of the page.

To properly insert a figure that can be referenced as Figure 1, please use the commands `\label` and `\ref` as shown in the .tex file. References may be cited and included directly in this way [1, 2].
