Short guide for identity registration
in the INFN "Godiva" database

1. register in the INFN Identity database*: https://signup.app.infn.it/
- specify Name, Family Name, mail address and choose a password;
- validate the registration by using the link received by email.

2. connect to: https://userportal.app.infn.it/ and follow these steps:
- log-in with the email address and the password entered in the above registration;
- click on Enabling Requests;
- click on **IT Resources** and press Next Step;
- provide the required personal data, necessary to obtain your request;
- read and accept the information note on the processing of personal data at INFN and press Next Step;
- choose the site where to carry out your identification: **Laboratori Nazionali di Frascati**, add the message: **request of hospitality (or wi-fi access)**, and press Next Step;
- choose the site (as above) and the contact person who will have to approve your request: **contact person name**;
- read and accept the regulation for the use of INFN computing resources and press Next Step;

  verify the entered data and press Submit.

3. contact the secretariat to proceed with the identity verification.

* If you are already registered in the INFN Identity database skip point 1 and go to point 2
