

Quantum Technologies within INFN: status and perspectives

Contribution ID: 63

Type: not specified

Quantum noise reduction in the interferometric gravitational wave detector Virgo/EPR experiment for gravitational wave detectors

Tuesday, 21 January 2020 14:50 (20 minutes)

Presenters: ZENDRI, Jean-Pierre (INFN); SEQUINO, Valeria (ROMA2)

Session Classification: Session III

Track Classification: Contributions from the scientific community
