

Contribution ID: 51

Type: **not specified**

Toward a generic approach for dose distribution recovery by using Deep Learning and GPU-based Geant4 simulations

Monday, October 24, 2022 2:59 PM (12 minutes)

Topic

Computing

Primary authors: TOUIL, Asma (Laboratory of Medical Information Processing (LaTIM), INSERM-UMR 1101, Brest, (France)); DANG , Hong-Phuong; BENOIT, Didier; VISVIKIS, Dimitris (INSERM); BERT, Julien

Presenter: TOUIL, Asma (Laboratory of Medical Information Processing (LaTIM), INSERM-UMR 1101, Brest, (France))

Session Classification: Geant4 and Artificial Intelligence
