

**Title:** Overview of the Geant4-DNA project

S. Incerti<sup>1</sup>,  
on behalf of the Geant4-DNA collaboration

<sup>1</sup> Univ. Bordeaux, CNRS, LP2I Bordeaux, UMR  
5797, F-33170 Gradignan, France

We will present an overview of Geant4-DNA [1] recent developments, focusing on the period 2018-2022, following the previous occurrence of this international Geant4 user conference series at the frontier between physics, medicine and biology.

New developments publicly available in Geant4 will be described, including physics models, radiolysis simulation as well as example applications.

Development perspectives will be briefly discussed.
