

## IV Geant4 International User Conference at the physics-medicine-biology frontier

Contribution ID: 131

Type: **not specified**

# Monte Carlo-based benchmark of a method for proton energy spectra reconstruction using radiochromic films

*Monday, October 24, 2022 3:47 PM (12 minutes)*

## Topic

Proton Therapy

**Primary authors:** MILLUZZO, Giuliana Giuseppina (Istituto Nazionale di Fisica Nucleare); MCCALLUM, Sean (Centre for Plasma Physics, Queen's University Belfast, BT7 1NN, United Kingdom); BORGHESI, Marco (Queen's University Belfast); SUBIEL, Anna (Medical Radiation Science, National Physical Laboratory, Teddington, TW11 0LW, United Kingdom); MORTIMER, Linda (Clatterbridge Cancer Centre Wirral, Clatterbridge Road, Bebington,); ROMANO, Francesco (INFN - Catania Section)

**Presenter:** MILLUZZO, Giuliana Giuseppina (Istituto Nazionale di Fisica Nucleare)

**Session Classification:** Geant4 for Protrons and Hadrons Radiotherapy 1
