

65th ICFA Advanced Beam Dynamics Workshop on High Luminosity Circular e+e- Colliders (eeFACT2022)

martedì 13 settembre 2022

WG8: Polarization and energy calibration (parallel) - Aula Salvini, Link #2 (17:00 - 19:05)

-Coordinatori: Eliana Gianfelice

time	[id] title	presenter
17:00	[86] CEPC polarization	DUAN (REMOTE), Zhe
17:25	[111] Electron Polarimetry at EIC	GASKELL (REMOTE), Dave
17:50	[110] Spin matching and Monte-Carlo simulation of radiative depolarization in electron-positron storage rings with Bmad and SLICKTRACK	BEZNOSOV (REMOTE), Oleksii
18:15	[84] Spin Polarization Simulations for the Future Circular Collider e+e- using Bmad	WU, Yi
18:40	[85] Progress in EIC Polarization Studies for the Injectors and Storage Ring	RANJBAR, Vahid
