Parallel 23: Chiral symmetry - Room6 (08:30 - 10:00)

time	[id] title	presenter
08:30	[5] Magnetic-Field-Induced insulator-conductor transition in quenched lattice gauge theory	BUIVIDOVICH, Pavel
08:50	[211] QCD Rotator with Light Quarks up to NNLO Order	WEINGART, Manuel
09:10	[239] Brillouin improvement for Wilson fermions	KOUTSOU, Giannis
09:30	[14] Low-energy constants from Dirac eigenvalue correlators at NNLO in the epsilon expansion	LEHNER, Christoph
