

XXII Roma Tre Topical Seminar on Subnuclear Physics "Future colliders: physics reach and enabling technologies"

Wednesday, 29 January 2020

Afternoon Session - Aula B - Via della Vasca Navale 84, 00146, Roma (14:30 - 19:30)

time	[id] title	presenter
14:30	[1] Future prospects of Particle Physics	MANGANO, michelangelo
15:15	[2] The FCC options	BEDESCHI, Franco
15:50	[3] The CLIC concept and program	ROBSON, Aidan
16:25	[4] Coffee	
16:55	[5] The LHeC opportunity	D'ONOFRIO, Monica
17:30	[6] Towards a muon collider ?	VARIOLA, Alessandro
