

Channeling 2023

Thursday, 8 June 2023

S5: Applications & X-Rays: Session 5.2 (16:00 - 17:50)

-Conveners: Artak Mkrtchyan

time	[id] title	presenter
16:00	[62] Present status and future perspectives of high precision X-ray measurements at LNF for nuclear physics and agrifood applications	SCORDO, Alessandro
16:30	[19] Diffraction Image of a narrow X-rays beam in Crystals with Weak Deformation	KOCHARYAN, Vahan
16:50	[77] A new way to develop "LOW COST" instrumentation: the PICO RX diffractometer/XRf spectrometer enhanced with polycapillary lenses	PLESCIA, Paolo
17:10	[82] X-ray Based Techniques for Transportation Applications	MARCHITTO, Luca
17:30	[54] X-ray channeling for imaging and spectroscopic applications at XLab Frascati	HAMPAL, Dariush
