

NuSym22, X International Symposium on Nuclear Symmetry Energy

Thursday, 29 September 2022

EoS and astrophysical constraints (II) - Aula Magna (11:30 - 13:20)

-Conveners: Rosa Coniglione

time	[id] title	presenter
11:30	[93] Inhomogeneous nuclear matter in simulations of CCSNe and the role of the nuclear symmetry energy	FISCHER, Tobias
12:00	[100] Role of the symmetry energy in simulations of CCSNe explosions driven by the QCD phase transition	LARGANI, Noshad
12:20	[94] Detection of neutrinos from Core Collapse Supernovae with JUNO	SETTIMO, Mariangela
12:50	[95] KM3NeT neutrino detection program for the next Galactic Core-Collapse Supernova	KULIKOVSKIY, Vladimir
