

NuSym22, X International Symposium on Nuclear Symmetry Energy

Friday, 30 September 2022

TRANSPORT MODEL EVALUATION PROJECT - SATELLITE MEETING - Aula Migneco (09:30 - 13:00)

time	[id] title	presenter
09:30	[101] Pion production from transport simulations	XU, Jun
10:05	[102] Comparison of heavy-ion transport models in a box: Collision integral in presence of momentum dependent interactions	COZMA, Dan
10:40	Coffee break	
11:10	[103] Effects of energy conservation on pion production in heavy ion collisions	ZHANG, Zhen
11:45	[104] Dynamics of $A \leq 4$ light fragments in Sn+Sn collisions at 270MeV/u	KURATA-NISHIMURA (FOR THE SPIRIT-TPC COLLABORATION), Mizuki
12:20	[105] Summary and perspectives	WOLTER, Hermann
