

7th International Conference on Collective Motion in Nuclei under Extreme Conditions (COMEX7)

Monday, 12 June 2023

Session 4 - Aula Magna (16:05 - 17:50)

-Conveners: Lidia Ferreira

time	[id] title	presenter
16:05	[224] Quartet structure of $\pi=\pi$ nuclei	SAMBATARO, Michelangelo
16:35	[218] Shape changes, quadrupole collectivity and configuration inversions along $N = Z$	RECCHIA, Francesco
17:05	[219] Mirror energy differences as a probe for cross-shell excitations in ^{43}Sc - ^{43}Ti mirror pair	REZYNKINA, Kseniia
17:20	[220] Properties of rotational bands from symmetry breaking and restoration	IDINI, Andrea
17:35	[221] Axial quadrupole and octupole dynamics in heavy even-even nuclei	BUDACA, Radu
