

7th International Conference on Collective Motion in Nuclei under Extreme Conditions (COMEX7)

Tuesday, 13 June 2023

Session 8 - Aula Magna (16:55 - 18:15)

-Conveners: Marine Vandebrouck

time	[id] title	presenter
16:55	[233] Theoretical description of the photon strength function and nuclear level densities	GORIELY, Stephane
17:25	[235] The Oslo Method With Inverse Kinematics	WEGNER INGBERG, Vetle
17:45	[236] Statistical properties of well-deformed 153,155Sm and the M1 scissors mode *	MALATJI, Kgashane
18:00	[237] The pygmy dipole resonance in Sn isotopes studied with the Oslo method *	MARKOVA, Maria
