

7th International Conference on Collective Motion in Nuclei under Extreme Conditions (COMEX7)

Wednesday, 14 June 2023

Session 10 - Aula Magna (10:45 - 12:55)

-Conveners: Adam Maj

time	[id] title	presenter
10:45	[242] Accessing the Single-Particle Structure of the PDR	SPIEKER, Mark-Christoph
11:15	[243] Probing the ^{11}Li low-lying dipole strength via $^9\text{Li}(t, p)$	POTEL AGUILAR, Gregory
11:45	[244] The Many Faces of the Pygmy Dipole Resonance in ^{120}Sn	WEINERT, Michael
12:05	[245] One-nucleon transfer reactions as a tool to investigate the character of the PDR in ^{96}Mo *	KHUMALO, Thuthukile
12:20	[246] Study of the Ni-isotopic chain in real photon-scattering experiments *	MÜSCHER, Miriam
12:35	[267] Electric dipole strength of ^{52}Ca	TOGANO, Yasuhiro
